

OPERATION “Fubar sa2000 secret sales”

Imagery intelligence (IMINT)

Remarks

1. Les hélicoptères pourraient avoir décollé et tenter une riposte ou fuir devant vous: Free Fire sur eux, pas de civils sur zone.
2. Coord du SA-15 Gauntlet de Kobuleti fixée; Toutes nos excuses, les responsables ont été fouettés.
3. Après enquête de voisinage, 3x SA-3 ont été vu sur la route montagneuse, or vous n’avez les images que d’un seul. Nous craignons donc que les 2 manquants n’aient été installés sur les crêtes des montagnes dominant la vallée de l’échange. Soyez prudent et nettoyez ces probables SAM avant tout strike
